# PROJECT MANAGER

(Full-time, USA, Remote)

## About Us

The **Data Migration International Group**, with **US Headquarters in Dallas**, is a **Swiss software manufacturer with over 27 years** of experience and is set for continued growth while opening up international markets. Named “Best Software for Application Retirement” by a leading market research firm, Data Migration International Group has developed the Java-based **information management platform JiVS IMP** that can help up to 50,000 SAP customers worldwide move to S/4HANA® faster and at a lower cost. By managing all legacy data and information in JiVS, businesses can become more agile, reduce legal risks, retire applications, meet GDPR requirements, improve data quality and reduce migration costs by around 25%. Implementing JiVS alongside S/4HANA® is the right approach for SAP customers to permanently reduce operating costs and invest the savings in digitization initiatives such as Big Data, IoT, AI etc.

## We are:

- an international company based in Dallas, Texas (US Headquarters), with global Headquarters in Switzerland and subsidiary in the United Kingdom. Our experts have supported more than 2000 implementations across the globe directly and through our [Partners](#), serving clients based in Europe, North America, Asia-Pacific, and Latin America.
- winners of market analyst awards, recognized as "game-changing" in the field SAP S/4HANA Transformation/ Migration and as “ideal” in the field of Legacy System Retirement/ Archival Solutions
- a prominent company at important trade fairs like DSAG, SAP NOW, and SAPPHIRE while regularly mentioned on biggest technology news sites (ERP Today) and trade journals (E3 Magazine)
- a certified SAP partner, also in the “RISE WITH SAP” Program

## OUR PRODUCT

Without our unique solution, the entire lifecycle of data can be managed independently of systems and applications – from separating operational from historical data, through the transfer of historical data and documents from live-systems to the final and legally secure deletion of data.

Companies can lower their operating costs with **JiVS IMP** by up to 80%, half the effort involved in migrating to new software generations and ensure 100% information access as well as legal certainty.

Today, many of our well-known customers like ABB, ABInBev, ALSTOM, BMW, Campbell's, Century, DuPont, Energy Transfer, HP Inc., Mercedes, General Electric, Commerzbank, and many more benefit from the significant cost advantages as well as the flexibility and agility of JiVS IMP.

## WHAT YOU CAN LOOK FORWARD TO

- An agile and pragmatic organization with a hands-on mentality and short decision-making processes.
- Interdisciplinary collaboration and a team-oriented and collegial corporate culture.
- Freedom to actively shape our success story and make your mark on it.
- Continuous professional development, together with us as a market leader in an extremely innovative environment, and you will help us to maintain this position.
- Flexibility regarding tasks, roles, and work model.

## WHAT WE ARE LOOKING FOR

- Your enthusiasm, client-oriented approach, and desire to learn something new every day.
- Your passion and joy to actively participate and shape our development.
- Motivated colleagues, who want to join us on our growth journey.
- Team players who think outside the box.
- Most work remote, willingness to represent the company on business trips.
- US citizenship, US based, background check required.
